GEM Permitting Process Citizens Group
c/o Gary Johnson, Director of GEM
3401 West Tarpe Street
Tallahassee, FL 32303

Dear Mr. Johnson:

I would like to join the GEM Permitting Process Citizens Group. I was the chief of the Environmental Design Research Division of the National Institute of Standards and Technology, a Federal agency that used to be known as the National Bureau of Standards. I used to be in charge of 45 men and women, about half with their doctoral degrees.

My own specialty was "building regulations." I contributed a six-page article in 34-volume *The Dictionary of Art* and an 11-page article in the *Time-Saver Standards for Architectural Design Data*. A resume is attached.

Sincerely,

Francis T. Ventre
